# AWARD WINNING BUTCHER & MARKET

Gaiss' Market has stood for quality for the better part of a century. We are a local grocery and meat market and yet a destination for people from other counties and states as well. With a selection of home-made products from potato salad to smoked kielbasa, we produce over 60 items right on our own premises. Of course we offer a full selection of groceries, produce, choice fresh meats, and smoked meats, but we are also known for our "good old-fashioned", friendly customer service.
